Welcome to
SHAW'S
ELECTION EQUIPMENT
CATALOGUE

In the following pages, you will find numerous products, large and small, that have been designed to make the administration of elections and referendums as trouble-free as possible.

The range of items has been developed over many years and Shaw's work closely with the Association of Electoral Administrators, the Electoral Commission and the Cabinet Office to ensure that our equipment is practical, useful and conforms with all relevant legislation and guidance.

Shaw's welcome suggestions from electoral administrators for possible additions and enhancements to our product range.

SHAW'S PRESIDING OFFICER'S SUNDRIES PACK

The comprehensive Sundries Pack comprises all five of the packs shown on these two pages and is supplied in an environmentally-friendly, re-usable wallet (although a traditional cardboard box is available on request). The wallet comes with a matching pencil case and both these items can be returned to Shaw's for credit and re-use. Alternatively, the five individual packs can be purchased separately to refill existing wallets. The Sundries Pack contents are reviewed annually in the light of feedback from users and therefore may vary slightly from those shown here.

Note that for Welsh elections, bilingual versions of the notices, forms and packets are supplied.

Illustrations show contents for English local government elections.

VOTING SCREENS

Modular Voting Screens

Although the traditional wooden voting screen has served well for decades (and is, indeed, still available – see opposite page), Shaw’s felt that the 21st century deserved something more modern and practical. Accordingly, we set out to produce the ‘Holy Grail’ of voting screens – robust, portable, adaptable, attractive and, above all, low cost. We commissioned expert British designers with this brief and the result is the ingenious modular system shown here.

The basic unit can be extended indefinitely with the addition of extension units and a unique 4-way connection piece enables numerous configurations. The hook-on shelf provides a stable and solid writing surface for voters.

Separate disabled screens are no longer required as the standard unit can be used for disabled voters with the connection of two metal shelf supports that allow the sides to be splayed out. The height is lowered by a simple adjustment of the legs. (Note that in disabled mode, the screens are not modular in that, although they may be joined together, an extension unit cannot be used.)

Construction is of durable plastic with steel legs which retract to allow the units to be easily transported and stored.

Shaw’s modular voting screen is made in the UK and is available from stock.

BALLOT BOXES

Plastic Ballot Boxes

50 litre plastic ballot box

470mm (h) x 450mm x 350mm

75 litre plastic ballot box

Ref: SBBPL

570mm (h) x 570mm x 450mm

The 50 litre version of this ballot box was introduced in 2015 and proved exceptionally popular. We are now pleased to offer a larger version as well.

In specifying these boxes, our requirements were:

compact stacking of boxes and lids for easy storage; robust, long-lasting construction; ability to replace unsightly cable tie seals with neat, easy-to-use, cheaper seals; and, most important of all, a very low price.

The boxes use up to four Shaw's arrow-lock seals with easy release tabs (BBS3) for the lid and a plastic 'padlock' seal (BBS4) for the flap that covers the slot (a conventional tie seal may also be used for this). Ten seals (8 x BBS3 and 2 x BBS4) are included with each box.

Colour: all black

- Robust, durable plastic construction
- Boxes nest inside each other for compact storage
- Lids store within boxes and can also stack on one another
- Lids are recessed to allow boxes to stack on top of one another
- Hinged flap to seal slot
- Lids use four Shaw's arrow-lock seals with easy release tabs. These are low cost and are much neater than cable-tie type seals
- Slot uses one plastic 'padlock' seal
- 10 seals included with each box
- Self-adhesive clear plastic wallet can be supplied for labelling purposes – CPW1/CPW3, see page 10
- Generous bulk discounts available

Larger version now available

Cardboard Ballot Box

Corrugated board ballot box

Ref: SBBC

Shaw's own registered design board ballot box is supplied flat for easy assembly from the included instructions.

Its clever construction makes it completely secure when using Shaw's seals (items BBSS and BBSM).

Black, lightweight and robust, it is ideal as an additional box for combined elections and also for returned postal vote envelopes.

500mm (h) x 340mm x 340mm. Recyclable

IMPORTANT NOTE

Please note that the long-life folding ballot box (SBBF) is no longer available due to its increased cost of production. However, the Envo ballot tags necessary for sealing it can still be purchased from Shaw's. See opposite page, product code BBT.

SPECIAL ORDER AND BESPOKE ITEMS

Shaw's product offering is not limited to the stock items described in this catalogue. We can supply and customise many additional items to special order. Below are some examples but we are always happy to source other equipment according to specific requirements. Please contact us with details for a quote.

Notices, signs and posters

'Ecoflex' pavement signs

Our pavement sign (see page 11) may be adapted to suit individual requirements and/or customised with an authority's name and logo.

Laminated signs and posters

We can produce laminated versions of any of our stock paper signs (detailed on page 11) on any standard paper size (A4, A3, A2, etc.).

We can also customise signs and posters with your choice of wording, e.g. PARKING FOR VOTERS; POLLING STATION OPEN.

Foamex rigid plastic signs

We can produce any of our stock paper signs on a rigid plastic material, 'Foamex', for increased durability.

Rubber stamps

Further to our range of stock stamps detailed on page 13, we can also make to order stamps with your own choice of wording. Examples of stamps we have produced for some local authorities are:

I AM IN THE QUEUE

VOTING FOR MORE ANSWERS THAN THE VOTER WAS ENTITLED TO

REJECTED: DATE OF BIRTH MISMATCH

Made to order stamps are available in traditional rubber stamp style or self-inking.

Counting trays

In addition to our two stock sizes of counting tray detailed on page 12, we can also source other sizes to order.

High-visibility vests

High-visibility vests can be printed with any wording and logos. Examples of bespoke worded high-visibility vests we have produced for local authorities are:
