Remembrance items and more for the funeral professional

2018/2019 Edition

Shaw's Funeral Products, a division of Shaw & Sons, founded in 1750, are suppliers of high quality commemorative items and specialist accessories for funeral professionals.

Foremost is a range of unique ornamental ash caskets in a variety of materials and styles, from the traditional to the ultra-modern. Most of these exquisite items are hand made by craftsmen and all pass stringent quality tests to ensure that they are amongst the finest urns available anywhere. Miniature keepsake versions of many of the urns, as well as several additional styles, are available for use where ashes are to be retained by more than one relative or friend of the deceased.

Also featured is a high quality ash jewellery collection to contain mementos of loved ones.

Finally for the bereaved is a series of beautiful memorial books in a choice of styles, to record tributes to the deceased. For funeral professionals themselves, an extensive range of practical products is included within these pages to help make the service they offer their customers smoother and more efficient.

REMEMBRANCE ITEMS

The following pages feature our range of exquisitely crafted cremation urns. These beautiful pieces come in a wide variety of materials and in styles that range from the traditional to the ultra-modern.

Every urn is meticulously checked to ensure it is of the highest quality and blemish-free.

Many of the following urn designs are patented to ensure that they cannot be copied; however, it has not been possible to patent all the designs and buyers should be aware that similar products available elsewhere may not be made to the same exacting standards.

All urns shown here are available from stock. However, we are able to supply a great many other styles to special order: our complete range can be seen on our website www.shawfuneralproducts.co.uk

This icon symbolises that the item or range is part of the Funeral Products collection, premium quality-products made under fair working conditions.

This icon symbolises that the item is part of the LoveUrns® collection, a high-quality designer range of brass urns. Funeral Products is the exclusive partner of the LoveUrns® brand.

The Signature Collection

Each of these urns is a work of art and makes a stunning feature in any setting.

“Teardrop”

In hammered gold or smooth silver finish, these brass urns symbolise the tears that accompany the passing of a loved one. As they are not immediately recognisable as urns, they are perfect for placing in a prominent position within the home. Teardrop urns seal using a screw-in plug at the base.

Please note that even the largest urn in this style is of small capacity and may not contain a full set of adult ashes.

For more information on capacity, see page 40.

Similar in style to the teardrop urns, the "Love Bird" and "Soul Bird" urns are amongst our most contemporary designs. These urns seal using a screw-in plug at the base. Please note that even the larger sizes of these styles are of a small capacity and may not contain a full set of adult ashes. For more information on capacity, see page 40.

"Wrapped Motif LED" 

A glazed ceramic shell gently encases a delicate motif which is illuminated by two LED lights (battery operated). These urns have plugs at the bottom which will need to be sealed appropriately otherwise they will not stay in place. Apply supplied adhesive around the inner rim of the plug and press into place.

Marble Urns

The stone that is used for these marble urns comes from highly-prized stone caves in Asia. Each urn is finished and polished by hand. As marble is a natural product, no two marble urns will ever be the same. Marble urns feature lids which rest atop the urn. Lids can be glued in place to permanently seal the urn. Marble keepsake urns have a plastic plug / screw closure. Marble urns are suitable for keeping outdoors but must be suitably sealed to prevent ingress of water.

Customisable Urn Bases

Our new customisable urn bases are the perfect way to personalise an urn without having to engrave or damage the urn itself. Bases have a dark brown/black gloss finish with wood effect platform. They come in three sizes (small, medium and large) and are customised using either a silver or gold effect plaque.

A meaningful message or name can be engraved on the plaque (engraving advisable, but not limited to, up to approximately 3 lines of 30 characters).

- Provides a stable and solid base for the urn
- Felt pads are applied to the base to prevent scratching to and slippage on the surface the base is displayed on
- Ideal for use with most urn styles with a circular base

Please contact us for the full list of urn styles and required bases.

Applications for plantable seed paper memorial tokens or bookmarks:

- As a thoughtful gift to your client, perhaps included in the company literature or attached to the invoice.
- As a subtle business card. Offer your personalised tokens or bookmarks to attendees of funeral services and you will ensure that your company name stays with them long after the event. A caring and thoughtful gift for the bereaved congregation. An extremely powerful and effective marketing tool for your business.
- As an added value item for your client to purchase for giving out to family and friends at the funeral service so that every attendee can grow a tribute to the deceased. Any sales of plantable seed tokens arranged via funeral homes to the client themselves will benefit from free subtle advertising of the funeral business on the reverse of the token. We can supply personalised order forms for this purpose.

Book Design & Manufacture Service

Over the years, Shaw's have created a phenomenal selection of registers and records for professional organisations such as funeral homes. We have catalogued all those currently available on our website www.shaws.co.uk/bound_books.cfm

In addition to our stocked registers (including those opposite and above), we can also supply bespoke books and registers, etc. made to customers' exact individual requirements. We work with customers' initial concept request to design page layouts that suit their needs. Upon approval of the proof, we will print, bind and deliver the complete finished book ready for immediate use.

Bespoke books we have created for our funeral professional customers include:

- Ashes Registers
- Mortuary Registers
- Funeral Arrangement Books
- Fridge Registers
- Condolence Books
- Client Comment Books
- Registers of Cremations
- Registers of Floral Tributes

Our bookbinding specialist can provide a quote for your particular requirements. Send your enquiry to sales@shaws.co.uk or call us to discuss your needs on 01322 621100.

Donation Envelopes

Many families choose to celebrate the life of a loved one by making a donation in their memory to charities or charitable organisations. Often these donations are collected at the funeral service, sometimes in lieu of buying flowers.

These donation envelopes are suitable for use for any charity and include a Gift Aid form, which enables the recipient charity to claim 25p from HMRC for every pound donated.

- Sold in multiples of 100

Special Order Urns

All of the urns shown in this brochure are available for immediate dispatch from stock. However, we are able to supply a great many other styles to special order. Our complete range can be seen on our website www.shawfuneralproducts.co.uk.

Special order urns are subject to longer lead times. The website makes it clear for each special order item what the lead time will be. Normally special order urns are dispatched within 1-3 weeks.

What Size Urn to Order?

The average sized adult in life will create about 3.5 litres of cremated remains. Most of our adult urns have a standard capacity of 3 litres or above, although some have much larger capacities (see note below).

How much ash is left after cremation?

Industry guides says that for every pound of body weight, allow one cubic inch of cremated remains. Standard size urns have approximately 200 cubic inches or 3.5 litres of internal volume and are suitable for an average adult. 1 litre is 61 cubic inches and 1 cubic inch is 0.0164 litres.

Example

1 pound = 1 cubic inch of ashes

14 stone = 196 pounds

196 cubic inches x 0.0164 litres = 3.2144 litres of ashes

The table below shows the urn capacity required for a full set of ashes for different body weights.

Body weight	Cremains created	15 stone	3.444 litres
10 stone	2.296 litres	16 stone	3.674 litres
11 stone	2.526 litres	17 stone	3.903 litres
12 stone	2.755 litres	18 stone	4.133 litres
13 stone	2.985 litres	19 stone	4.362 litres
14 stone	3.214 litres	20 stone	4.592 litres

Extra Large Capacity Urns

The funeral industry offers a wonderful array of cremation urns, but most are only suitable for containing capacities of cremated remains up to approximately 3.5 litres (which will hold the ashes of an average-sized adult). Shaw's Funeral Products are delighted to offer a number of styles which can contain greater capacities of cremains.

Extra large capacity urns are featured on our website in a dedicated category "Cremation urns (extra large capacity)". Within this category, a total of 22 extra large capacity urn styles are available from stock for immediate dispatch, while a wider range of urns are available to special order (with a lead time of approximately 10 working days).
